

Ecospirituality & Earth Literacy: Exploring the Numinous in Nature
Spring 2018 at MDC InterAmerican Campus

Exploring the deeper, personal connections to Earth, the universe, and the “new cosmology” are integral components of Earth Literacy. During the Spring 2018 term at InterAmerican Campus, Earth Ethics Institute’s (EEI) Mike Matthews is offering this in-class presentation on request, unpacking EEI’s Earth Literacy definition and connecting it to environmental ethics, Deep Ecology, the New Environmental Paradigm, the Gaia Hypothesis, and sustainability initiatives.
