

IAC Recycles!

InterAmerican Campus Faculty Learning Community

Spring 2017

The Spring 2017 theme for the InterAmerican Campus Global Sustainability and Earth Literacy Studies (GSELS) faculty learning community, in partnership with the IAC Green Team, is recycling. Recycling, in all its various forms, will provide the basis for inquiry into environmental sustainability, resiliency, and Earth Literacy. *IAC Recycles!* will culminate with special events—including a sustainability fair, presentations, and guest speakers—in March.

Schedule of events:

IAC Recycles! Sustainability Fair

Hosted by the InterAmerican Green Team

Wednesday, March 22nd, 8:00 AM – 1:00 PM, IAC Flag Courtyard

Recycling from a Human Perspective

Hosted by Miriam Frances Abety, Psychology
