

# Miami Dade College Earth Ethics Institute Campus Sustainability Day Intern

## 12 or More Hours Service-Learning Opportunity

The Earth Ethics Institute (EEI) is hosting Campus Sustainability Day (CSD) at Miami Dade College InterAmerican, Kendall, North, and Wolfson campuses to recognize the successes, challenges, and innovation of sustainability on each campus. Local community partners will also share information about the various sustainability initiatives and programs offered on campus. We will need interns for several of our EEI college-wide programs and initiatives such as YES! for environmental sustainability student club, electronics waste recycling, [www.Get2MDC.com](http://www.Get2MDC.com) commuter programs, and more.

At the end of their service-learning activity, students are required to complete a survey regarding their service-learning experience with the Earth Ethics Institute. [Please click here to access the survey.](#)
