

Earth Ethics Institute Miami Dade College Green Goals Challenge

10-12 Hour Service-Learning Opportunity

In conjunction with the environmental sustainability efforts here at Miami Dade College (MDC) , the Earth Ethics Institute (EEI) and MDC Green Teams created a fun, individual challenge to help all of the Miami Dade College community start thinking about the things they can do at school, work, and home that will help minimize each individual's personal environmental impact. Students will become familiarized with MDC Green Goals Challenge and engage fellow students as well as MDC faculty and staff to participate in the challenge and become part of the global solution.

At the end of their service-learning activity, students are required to complete a survey regarding their service-learning experience with the Earth Ethics Institute. [Please click here to access the survey.](#)

For more information please contact: Britany Ziems - (305) 237-3460 - bziems1@mdc.edu
