

Wendy Ward – Montenay Immersion Lesson Plan  
Writing Prompts for a College Prep Class

I teach college prep writing at the Wolfson Campus. There are many writing prompts that can focus on waste and recycling.

One topic was provided on the handout received at the immersion: How Waste Will Be Viewed in 100 Years

Other topics could include the following: What is value of recycling?

List ways you can reduce the amount of waste (garbage) you produce.

Why is recycling an important habit for people to develop?
